

## THOUSANDS OF RADICALS THROUGHOUT COUNTRY ARE TAKEN INTO CUSTODY

### GREATEST ROUNDUP IN NATION'S HISTORY

Drive by Department of Justice Officials Conducted in Thirty-Three Cities Stretching from Coast to Coast—800 Reported Arrested in New York Alone.

#### ATTORNEY GENERAL PALMER PERSONALLY DIRECTS RAIDS

WASHINGTON, Jan. 2.—The greatest roundup of radicals in the nation's history was conducted tonight by the government acting thru the department of justice agents in thirty three cities stretching from coast to coast.

At midnight reports indicated that more than 1,500 members of the Communist and Communist Labor Parties, against whom the raids were directed, were in custody and department of justice officials expressed the opinion that daylight would see twice that number behind the bars. The biggest "bag" of the radicals was made in New York where at midnight more than 300 had been arrested and sent to this island.

From a dozen New England cities 300 or more of the Communists were gathered and in Detroit the raiders found plentiful supply, taking about 300 into custody. Chicago, and Philadelphia supplied more than 120 and Buffalo about 100. A larger number than in any previous raid was reported from practically all of the cities.

**800 Radicals Arrested in New York.**

New York, Jan. 2.—Between 700 and 800 radicals were arrested tonight in Greater New York as the city's share in the nationwide roundup of sedition mongers and anarchists carried out by the federal government on a gigantic scale.

From 9 p. m., until long after midnight an army of federal agents reinforced by hundreds of city policemen and soldiers raided the gathering places of men who have returned the hospitality of their adopted country by plotting to destroy its government and institutions with violence.

Few Americans Arrested.

Few native Americans were among those taken into custody, the most notable exception being a New York City official who gave his name as Julius Cocking, a Brooklyn collector and who, according to the federal agents, boasted of his revolutionary opinions and predicted that a commune would be established in the United States within five years.

The majority of those arrested were Russians or persons of Russian birth and almost all were workingmen of scanty education and less knowledge of the English language or the institutions of the country they plotted against.

By a coincidence a wireless message was received from the Buford contingent today at headquarters of the Communist party which read:

"Good wishes to our comrades in America from the exiled comrades on the high sea.

"Almost a hundred women were included in tonight's prisoners, ranging in age from girls of 17 to grandmothers. The majority of the women were released after a brief examination but about a dozen were detained for further examination. It was noticeable that while the men were either sullenly silent or anxious to obey their captors, the women were openly defiant and constantly rallied at the federal agents and policemen also as few of them spoke English they wasted their efforts.

Washington, Jan. 2.—Launching a concerted and carefully prepared movement against communist and communist labor groups of radicals, agents of the department of justice tonight conducted raids in thirty three cities extending from coast to coast.

Raids were conducted in the following cities: New York, Baltimore, Boston, Buffalo, Cleveland, Denver, Des Moines, Detroit, Grand Rapids, Hartford, Indianapolis, Jacksonville, Kansas City, Los Angeles, Louisville, Milwaukee, Newark, Omaha, Philadelphia, Pittsburgh, Portland, (Maine), Portland, (Oregon), Providence, San Francisco, Sacramento, Scranton, Spokane, St. Louis, St. Paul, Springfield, (Massachusetts), Syracuse, Toledo and Trenton.

The object of the raids Attorney General J. Edgar Hoover said was to obtain for submission to the department of justice cases for "deportation of a very large number of our most dangerous anarchists and radical agitators."

Agents of the department he added went out prepared to catch the radicals with the goods on.

"The general charge of attempting to overthrow the government by force and violence, was placed against the persons arrested during the raids. Officials declared they believed that several hundred members of the communist and Communist Labor Parties will not only control industry and dispose of the

products of industry. The Communist party is a party calling for the liquidation of all existing workers' organizations and proposes to develop the revolutionary movement necessary to free the workers from the oppression of capitalism. The Communist party insists that the problems of American workers are identical with the problems of the workers of the world."

Attorney General Palmer tonight made public a letter which he had written to Mackey Hoyne, state's attorney for Cook county, at Chicago, in which Mr. Hoyne was requested to defer the local raid conducted there last night. Mr. Palmer explained in his letter that the department of justice had planned a nationwide campaign against the same people which were to be raided by Mr. Hoyne's agents in Chicago. Department officials said they were without information as to why the Chicago raid went through last night when Mr. Hoyne had full information as to the plans of the federal agents to do the same work tonight.

Busy in Chicago.

Chicago, Jan. 2.—The federal department of justice tonight started a new campaign against radicals. A government agent appeared at a police station with a list of places which he asked the police to raid. State's Attorney Hoyne last night arrested 200 radicals, asserting federal agents had failed to aid in a plan to look them up.

The federal agent arrived at the station a short time following a police raid on an I. W. W. reading room. The second time the police visited the place in twenty-four hours in connection with State's Attorney Hoyne's assault on radicalism. Only a few arrests were made at the reading room.

He said he believed when New shot Miss Lesser he was "unable to distinguish between right and wrong and was unable to appreciate the character and consequence of the act." Numerous alleged peculiar acts of New were stated including his taking of a "dry bath," the term applied to the action ascribed to him of arising at one o'clock in the morning when a guest in a friend's home and seating himself in a bath tub in which there was no water, while clad in his underclothing and socks.

The decision, according to local liquor interests will leave 35,000,000 gallons in warehouses of Kentucky when the constitutional amendment goes into effect.

#### 200 PRISONERS WITNESS HANGING

Chicago, Jan. 2.—Two hundred prisoners in Cook county jail saw Raffalo Durrage die on the gallows this morning despite requests from Governor Lowden to Sheriff Peters last night that the hanging be private.

The usual death chamber quiet was broken by the involuntary witnesses who loudly shouted for their breakfast while the condemned man was being bound and the noose adjusted.

Sheriff Peters hung Durrage an hour and a half before the usual time to prevent a last minute reprieve, such as was granted another prisoner last month just fifteen minutes before he was to have died.

#### MONTREAL WATER FAMINE RELIEVED

MONTREAL, Jan. 2.—A water famine in this city resulting from a strike of engineers at the municipal waterworks was relieved today after lives of patients in steamheated hospitals had been endangered by lack of heat during weather and holes had been bored in the ice of a canal lest firemen be unable to prevent a conflagration of a serious fire started. Today a private company which supplies outlying districts turned its surplus into the city mains and Mayor Martin began to hire new engineers after an unsuccessful attempt to placate the strikers. It was reported tonight that the engineers of the private company contemplated going out also.

#### U. S. OFFERS GERMAN SHIPS FOR SALE

WASHINGTON, Jan. 2.—Thirty former German passenger ships seized when the United States entered the war, including the Leviathan, the largest vessel afloat, the Agamemnon, the George Washington and others which were the pride of the German merchant marine, were offered for sale today by the shipping board. Proposals for the purchase of the vessels which may be filed up to January 20, will be received only from American buyers and must include a pledge to use the ships on lines designated by the shipping board.

Decision of the board to offer the former German liners for sale was determined principally by the cost of reconditioning them for passenger service. #### U. S. DEFICIT FROM OPERATION OF R. R.

Cost for November Will be Approximately \$64,500,000, Low Record for Year

#### NET INCREASE DROPS

WASHINGTON, Jan. 2.—The government deficit from railroad operation during November will be approximately \$64,500,000, a low record for the year, according to figures made public tonight by the bureau of railway economics.

Net operating income for the month was estimated to have fallen below \$20,000,000 which the bureau of economics declared to be the lowest in thirty years when computed on a basis of percentage of investment.

Gross revenues for the month were estimated at close to \$436,000,000. This figure is slightly below the high mark of a year ago but the heavy expenses due in part to the coal strike which also reduced the revenues left at net little of the operating revenues.

The government's net loss the bureau estimated on the basis of interstate commerce commission figures has reached \$548,000,000 in the twenty three months of railroad operation. The bureau placed the loss for the eleven months of 1919 at more than \$231,000,000.

December returns on the rail operations were forecast as bringing another decline in a statement issued a few days ago by Director General Hines who pointed to the inevitable loss in revenues incident to the coal strike.

The November earnings as computed by the bureau with comparative figures for the corresponding month in 1918 follow:

	1918	1919
Revenues	\$436,000,000	\$450,400,000
Expenses and taxes	\$415,000,000	\$383,900,000
Net income	\$19,000,000	\$66,500,000

While the November revenues were said by the bureau to show an increase of \$149,200,000, as compared with the average for the month in the three year test period before the war, expenses and taxes have also increased more than \$213,000,000. The increase in operating revenues was traceable largely to the heavy passenger traffic which was represented to have been about ten per cent higher than the November average of the test period. Freight traffic, however, was estimated to have dropped several per cent. The eastern roads which, in other months have offset losses accumulated by lines in other sections, were unable to meet their normal operating expenses and taxes for the month.

Lines in the west, however, did better in earnings than in most previous months, due to the heavy grain movement and the fact that they did not suffer from loss of revenue thru the closing of mines. Their earnings were placed at about \$20,000,000.

#### FURTHER PROGRESS ON RAILROAD BILL

Conferees Agree to Give Interstate Commerce Supreme Authority to Fix Railroad Rates.

Washington, Jan. 2.—An agreement to give the interstate commerce commission supreme authority in fixing railroad rates with power to suspend and annul rate orders of state commissions was reached today by the senate and house conferees in considering the Esch-Cummins railroad reorganization bills. The interstate commerce commission under the agreement would be authorized to substitute its findings and rate orders for those of state commissions when the latter give an unfair advantage to or discriminate against interstate commerce.

The conferees' agreement provides for little change in the existing law but more definitely establishes the supreme rate making power of the federal commission and is designed to remove doubt, raised in several cases before the supreme court as to the authority of the commission over local or intrastate rates which conflict with interstate tariffs.

The power of state railway commissions, however, would not be hampered nor encroached upon by the federal commission in the making of intrastate rates if such do not prejudice or discriminate against interests outside of the state or interfere with interstate commerce. The conference agreement, Chairman Cummins announced tonight provides for adoption of the senate bill's provisions.

#### HIGHER SALARIES FOR CLERGYMEN

New York, Jan. 2.—Rev. J. W. VanCleave of Chicago, chairman of the finance commission of the Methodist Episcopal church, said here tonight that the movement to provide clergymen with higher salaries already had borne fruit. The conferences of Central Illinois, Dakota, North Dakota and Northwest Nebraska will pay \$1,400 and Southern Illinois \$1,300.

The following conferences have placed the minimum at \$1,200: California, California German, Central German, Central Swedish, Colorado, Columbia River, Erie, Genesee, Idaho, Indiana, Iowa, Minnesota, Montana, Northern Minnesota, North Montana, Ohio, Oklahoma, Puget Sound, Southern California, West Ohio, West Wisconsin and Wyoming State.

#### RENEW EFFORTS TO BREAK DEADLOCK

Number of Conferences Held by Both Parties—Congress Convenes Monday

#### HOPE TO COMPROMISE

WASHINGTON, Jan. 2.—Efforts to break the peace treaty deadlock in the senate were renewed today as senators of both parties began returning from their holiday trips preparatory to the reconvening Monday of congress.

The only surface developments to indicate the trend of the negotiations were a number of conferences in which both Senator Lodge of Massachusetts, the Republican leader, and Senator Hitchcock of Nebraska, acting leader of the Democrats, were prominent figures.

Who should make the first move for a compromise opened to be a warmly debated question each side apparently maneuvering while the negotiations went on under the surface, to force the other side to be the first to break from its former position. Senator Lodge still maintained that any compromise should come from the Democrats and Senator Hitchcock insisted that the initiative should be taken by the Republicans. Article ten continued the crux of all the discussions neither side having found much favor for its roundabout proposals on the subject. Next in prominence was the question of voting on the language of nations, with the Democrats apparently determined to make some modification in the reservation adopted at the last session by the Republican majority. The general impression seemed to be that an agreement on article ten would almost end the whole controversy. In declaring formal compromise offers must come from the Democrats the Republican leaders reiterated that enough senators to defeat ratification were pledged to accept no compromise that would impair materially the majority reservation program of the last session. To this Senator Hitchcock replied that there were enough on his side of the chamber to defeat ratification who were pledged against any compromise that would impair materially the majority program.

Both sides betrayed confidence that in the end enough senators to ratify would agree in their definitions of the word materially applied to modifications of the reservations.

Now the tables are turned and Mexico is demanding that some satisfactory explanation be furnished regarding the deaths of four Mexicans in Texas during the latter days of December. It is to be hoped that the American answer will be more satisfying than has been the case when Washington has made demands on Mexico City.

Lord Gray has said that there is absolutely nothing to the story of his presence here to negotiate a \$13,000,000,000 loan for England. There is nothing to indicate that England needs such stupendous financial help for its wartime financing was but an example of John Bull's strength; England emerged from

the war very far from financial exhaustion.

They mix politics in everything up in Cook county, so that it is not surprising that State's Attorney Hoyne's January 1 raid against the radicals was undertaken without the support of the department of justice. It is unfortunate, indeed, that in this campaign against the radicals, against those aliens who are disturbing conditions in America that there cannot be a united front of opposition, a united effort in the line of eradication. But probably it is a question of who shall get the most glory.

It looks now as if the constitutional convention would start off with a factional row, much as such a beginning is to be deplored. Those who wish the best things for the state of Illinois are hoping that influences merely political will not control in the convention program. After all, the promised strife may be of a kind to at all interfere with the good functions of the convention. With Cook county having 38 delegates and downstate counties 64, the necessity of making it impossible for Chicago to control will wipe out some of the natural party feeling downstate.

It is an interesting and noteworthy thing that the trade and financial reviews for the year just closing, reviews which also include some look into the future, with one accord look on the coming year as one more satisfactory in a business way than was true of 1919.

The year just closed, started out with grave doubts harrassing

the minds of business men. These uncertainties continued thru months and some of them are still unsettled. Certainly conditions will be more stable in 1920 than they were in the past twelve months, and there are good reasons for the optimism shown in these trade reviews. It is optimism of more than mere cheerfulness. It is the sound and reasonable kind.

The census enumerators are already busy in the county and farmers are regarding the blanks almost as formidable as those used for the income tax. However, a second glance will show that for the average farmer the facts desired are easily attainable and will be of value to the government in compiling accurate information about its greatest of all industries.

The Republican party in Indiana has no separate organization for its women members. They are expected to come into the party for better or for worse along with the men. The women who are capable and wish to hold office are to be elected to places by the side of the older members of the party.

## GOVERNOR LOWDEN WILL TELL

Governor Lowden said yesterday that he had not up to that time received a letter from Senator Borah requesting the statement of his position on the league of nations. It's a safe guess that the Illinois executive will not be at all timid about letting the public know just where he stands on this question which is of such recognized importance to the welfare of the nation. Some people will wonder why Senator Borah should take the initiative in quizzing presidential candidates but that makes no difference. He will know what Governor Lowden thinks about the matter.

## SEEK TO CUT NEWSPAPER COSTS

The latest newspaper consolidation announcement is from Decatur, where the Herald is said to have purchased the Review property. All the details of the transaction have not been made public, but it is known that this consolidation has been made in the effort to bring about lower operation costs. There will still be a morning and an afternoon paper in Decatur but they will be issued from one plant. It is very patent that there can be a considerable decrease in operating costs and the benefits naturally attendant. It is the news print shortage and other difficulties of newspaper operation that are bringing about these consolidations and in cities where there is not joint ownership, much closer working relationships.

## THE PACKERS AND THEIR BUSINESS.

It will be hard to convince the farmers and stockman who ships to Chicago and finds the market a dollar or two lower than the previous day's quotations have indicated, that the packers do not absolutely control the situation and run the livestock prices up or down at their will. Nevertheless Judge Baldwin, a former resident of the city and now for five years intimately associated with the legal department of one of the great packing firms, makes a strong case in declaring that the packers earnestly and sincerely desire to observe the law. It is a statement easily proven that men who do business successfully on a large scale are frequently subject to criticism, and just about as frequently misjudged. Many people seem to have the idea that a business which because of its big returns commensurate profits must be illegally conducted. That is not a correct idea and the mistake is evidently often made because of the failure to recognize that the big profits do not come because of the large percentage of profit but from a small percentage on an enormous volume of business.

## PITTSFIELD HIGH SWAMPED ROUTT HIGH

Pike County Aggregation Runs Away With Game By Score of 39 to 7—Routt Shows Result of Holiday Vacation—Heating Apparatus Failed to Work, Hall Cold—Lost to Athens Thursday Night.

Pittsfield high swamped Routt high at basketball in Liberty Hall Friday night. Pittsfield has a strong aggregation and many pick them as contenders in the district tournament to be held here in March.

When the final whistle sounded the score was Pittsfield, 29, Routt, 7. The fact that Pittsfield has a strong team does not mean that there is so much difference between the teams as the score indicates. The main reason for the overwhelming score was the fact that the Routt team has not been practicing during the holiday season and is sadly out of form.

This was shown in the basket shooting as well as in physical condition as the men were not able to keep up their speed. In addition to these handicaps the heating plant failed to work last night and Liberty hall resembled a cold storage plant more than a basketball floor. It was most uncomfortable both for players and spectators.

On New Year's night Routt journeyed to Athens and met defeat at the hands of Athens high by a score of 44 to 11. The Routt men also showed lack of form in this game and were badly off in their attempts to hit the hoop for ringers.

## THIS LITTLE WOMAN WEIGHED 85 POUNDS

Mrs. Emma Gerdes Now Weighs Exactly 133 Pounds Since Taking Tanlac.

"When I began taking Tanlac I weighed only eighty-five pounds and was so weak I had been unable to do any housework for several years; now I weigh 133 pounds and am so well and strong I do all my housework with ease."

This remarkable testimony to the merits of Tanlac was given recently by Mrs. Emma Gerdes who lives at 5514 South Adams St., Peoria, Ill. Mrs. Gerdes who owns and has occupied her present home for a long time, is well known and numbers her friends by the hundreds. Continuing she said:

"I began having stomach trouble about twenty years ago and in spite of everything I could do I grew steadily worse. I tried everything and went to many specialists but nothing did me any good at all. I kept declining until about seven years ago I was forced to give up doing my housework. I was so weak, I could hardly eat enough to keep alive and what I did manage to eat by sheer force of will power would nearly kill me. I would begin to bloat almost instantly and suffered so much from cramps that great beads of perspiration would break out all over me. I was so weak I could hardly walk about the house."

"I had been in this terrible condition so long and had been gradually going down hill for so many years without being able to get any relief that I thought I would never be well again."

"Then I began seeing statements in the papers about how much good Tanlac had done other people, and thought maybe the medicine would help me, too. The result has been far beyond my expectations. I guess I had to take more than most people because I was so bad off, but it has certainly made me a changed woman. I never have the least trouble with my stomach now and I eat anything I want, even beef steak with brown gravy and potatoes and pie and such things. I sleep every night and feel refreshed every morning. My daughter who used to keep house and take care of me has secured a position down town and I now do all my housework, even to the cooking."

"My remarkable recovery is the talk of my neighborhood and I owe such a great debt to Tanlac I never lose an opportunity to tell others about it."

Tanlac is sold in Jacksonville by Coover & Shreve; in Mercedosia by Mr. R. B. Field; in Murrayville by Mr. E. Gilbert; in Waverly by Wyle Drug Co.; in Woodstock by The Hoy Pharmacy; in Chapin by John Onken & Bros.; and in Alexander by Frank J. Kaiser.—Adv.

## LADY GRATEFUL FOR HELP RECEIVED

"For fifteen years I suffered increasingly with stomach and liver trouble. Bloating with gas distressed me very much and caused serious heart fluttering. All medicine only relieved temporarily. I gave up hope of ever being cured. My druggist advised me one day to try May's Wonderful Remedy. I am feeling like a new woman since and can now eat anything with no ill results. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by all druggists.—Adv.

## VICTIM OF AUTO ACCIDENT DIES

Miss Hattie Porter Succumbs to Injuries Received in Automobile Accident Wednesday Night—Others Are Improving—Coroner Holds Inquest.

Miss Hattie Porter of Bluffs, who sustained a fracture of the skull in an automobile accident late Wednesday night died from her injuries at Passavant hospital at 2:05 o'clock Friday morning.

The other members of the party who received minor injuries are improving in a satisfactory manner. Ted Hale, who was driving the car at the time of the accident was able to appear at the inquest.

Following the death of Miss Porter the remains were removed to the undertaking parlors of W.

W. Gillham and prepared for burial. Coroner Rose was notified and empaneled a jury and held an inquest Friday afternoon.

The testimony of Dr. H. C. Woltman, Ted Hale, Mary Lois Hale and Walter Hubbert was taken.

The testimony of Dr. Woltman was that upon which the jury based its verdict. The physician was called to the scene of the accident, and later in company with Dr. Duncan and Dr. Chapin took care of the injured. Dr. Woltman testified that death resulted from a fracture of the skull and that he had reason to believe there was concussion of the brain. Witness also testified that there was a bad place in the road where the accident occurred.

Ted Hale, who was driving the car testified that the car was traveling at rate of about 30 miles an hour. Witness said he had been driving a car about a year and had driven this car before.

Mary Lois Hale, who was riding in the back seat said that she heard Norman Hubbert ask Ted Hale if he had the car wide open to which Hale replied "No." Witness said there was no further remarks about the speed except that Miss Porter had said "Make it go." Shortly afterward witness said the car began to rock and turned completely over and landed on its wheels again, she crawled out thru the top.

The testimony of Walter Hubbert did not bring out any new facts about the accident. He said he drove the car to Jacksonville and had suggested that someone else drive it back and Ted Hale had offered to do so. Witness said that his brother who was riding in the front seat with Miss Porter and Hale were both more familiar with the car than he was.

The jury was composed of J. L. Tayman, foreman; J. L. Dunnaway, T. C. Patton, John C. Lair, H. S. Cully, and W. W. Walker clerk. After hearing the testimony the jury returned a verdict that Hattie Porter "came to her death by an automobile accident on Wednesday evening, December 31, 1919 in a Dodge car driven by Ted Hale, direct cause of death being a fracture of skull, causing concussion of brain."

Miss Hattie Porter was the daughter of John L. and Mary E. Funk Porter, and was born in Scott county, December 29, 1902. She is survived by her parents.

## COUGHED NIGHT AND DAY FOR TWO YEARS

Mr. Parkhurst found quick relief from chronic bronchial trouble.

"Two years ago, I had a gripe which left me with a bad cough. Finally this became chronic bronchial asthma, and four doctors said it could not be cured.

"I commenced taking everything my friends recommended, but I got worse instead of better. For two years, I was unable to do any work except to cough constantly night and day, which was the hardest work I ever did.

"Finally I got hold of Milks Emulsion. It benefited me so much, right from the start, that it came as a God-send. In two months I was perfectly cured, gained in health, strength, and flesh rapidly."—J. M. Parkhurst, Leon St., W. Terre Haute, Ind.

Coughs like this seldom yield to local treatment. The surest way to reach them is to build up and strengthen the whole system. For any obstinate cough, Milks Emulsion is a remarkable remedy.

Milks Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physics. It promotes appetite and quickly puts the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milks Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in resisting and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream. Truly wonderful for weak, sickly children.

No matter how severe your case, you are urged to try Milks Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milks Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere.

## HAVE BEEN MARRIED FOR HALF CENTURY

Dr. and Mrs. E. F. Baker Observe Golden Wedding Anniversary Friday.

Yesterday was the fiftieth wedding anniversary of Dr. and Mrs. E. F. Baker, long time honored residents of Jacksonville. No special observance of the day had been planned and comparatively few of the friends of the bride and groom of fifty years ago were aware of the anniversary date. Dr. Baker and Mary A. Slater were married at the Slater home at Alexander Jan. 2, 1869. For a year after their marriage Dr. Baker engaged in practice at the office of Dr. Headen in Lynnville. Then he determined it would be better to be located in a town having railroad connections and the change was made to Alexander. That remained the home of Dr. and Mrs. Baker and their son, William Slater, until 1886 when the family came to this city, living first on South East street. In 1890 Dr. Baker built his present home at 350 West State street.

During the years of residence at Alexander Dr. Baker built up a lucrative practice and for years he was active in Jacksonville, retiring at only a comparatively recent date. For a long time Dr. Baker served with great acceptance as special representative of the state board of health and he has long been regarded as an authority on contagious diseases.

Mrs. Baker has not been strong for a number of years, while Dr. Baker's health has been maintained in a very unusual way. Years ago their son, William Slater, left Jacksonville to be associated with the grain firm of Baker & Greenleaf in Kansas and subsequently he engaged in business in Kansas City. In more recent years Mr. Slater returned to Jacksonville and is now accounted as one of the permanent residents of the city.

Altho Dr. and Mrs. Baker have lived so many years in Morgan county they are expecting to answer the roll call of Jacksonville citizens for a good many other years, and their friends join in the hope that this very thing will happen.

## PLAN BENEFIT FOR BLUFFS SCHOOL

Eatables to be Served at School Building, January 7—Blaine Crawford Home on Furlough From Army—Other Items of Interest.

Bluffs, Jan. 2.—Rev. J. A. Williams of Lewistown will conduct the Second Quarterly Conference at the F. M. church in Bluffs, beginning Friday night and continuing over Sunday. A cordial invitation is extended to all.

The Rev. Miss Mary Taylor and mother Mrs. Mary Taylor have returned from Valley where they spent a portion of the Christmas holidays.

Chili, hamburger, pickles, coffee and pie will be served at the school building Wednesday evening, January 7th from 5 to 9 o'clock. School benefit.

Blaine Crawford of the regular army who has been stationed at the Panama Canal for the past three years, has arrived home on a furlough.

John Baird of the Coast Artillery, stationed at Washington and who has been home on a furlough, expects to return to his duties.

Mrs. E. D. Beird and Mrs. H. Corbridge, assisted by Mrs. Janie Woodson, entertained the members of Mrs. Corbridge's Sunday School class at a party at the home of Mrs. Beird Tuesday evening. Refreshments were served and a very pleasant evening passed.

Misses Ercil and Cleo Bernger entertained a number of friends at a watch meeting at their home Thursday night.

The citizens of the town were roused from their slumber Thursday at midnight by the whistles at the round house. Many mistook the shrieking noise for a fire alarm, but a glance at the clock showed that the Wabash employees were only ushering in the glad New Year.

### TO ATTEND CONFERENCE.

Dr. Joseph R. Harker will spend the greater part of the coming week in Evanston and Chicago. On Wednesday and Thursday he will attend a conference of Methodist college presidents and will present a paper on the theme "How to Make College Efficient." ## KENNETH HATFIELD WEDS MISS BENSON

Ceremony Was Said at Home of Bride's Parents, 803 West College Avenue New Year's Night—Will Make Their Home in Ava.

On January 1, 1920, at the home of Mr. and Mrs. William G. Benson, 803 West College avenue, occurred the marriage of their daughter, Zeldia Gertrude, to Mr. Kenneth W. Hatfield of Ava, Ill.

Promptly at 7 o'clock Miss Kathryn Rapp sang beautifully and impressively Cadman's "At Dawning." Immediately following Miss Lula D. Hay began the chords of MacDowell's "To a Water Lily," to which the happy bride party began the descent of the beautifully decorated stairway, taking their respective places under the magnificent arch in the northwest corner of the living room.

The color scheme throughout was yellow and white. The decorations of the entire house were most beautiful and elaborate. The living room with its bridal arch heavily banked with ferns presented a most pleasing setting for the happy event. The dining room was equally as attractive. The color scheme being used most lavishly with the decorations.

The bridal party consisted of the bride and groom, Mrs. J. E. Secum the matron of honor, and Mr. William E. Benson, brother of the bride, acting as best man. Little Margaret Benson, the bride's sister, being the ring.

The solemn ring service was most impressively performed by Rev. Dean Frederick Hayden. The bride was attired in a most beautiful creation of hand embroidered georgette over white satin. She wore a bridal veil of old lace held in place by orange blossoms and carried a large shower bouquet, completing an ideal bridal array. Mrs. Secum's dress was most fitting for the occasion, being a white georgette over satin, trimmed in pearls. She carried an arm bouquet of Ward roses.

The ring bearer was indeed most charming in a silk embroidered organza. Very gracefully she carried the large white rose in whose fragrant petals nestled the orange blossom engraved ring.

Immediately following the ceremony and the hearty congratulations the bridal party was seated in the dining room, where delicious refreshments were served by the Peacock Inn to the entire gathering.

Mr. and Mrs. Hatfield departed on a late train for Chicago and other points for a honeymoon trip of a few days and will be at home to their many friends at Ava, Ill., after Jan. 15.

The bride is one of the most popular young women of the city and has a host of friends to wish her all the joys of a perfect married life. She is a graduate of the local high school. She attended the Woman's college and

has studied music at both the conservatories of music. Miss Benson's winning smile and charming ways will be greatly missed in both church and society circles.

Mr. Hatfield is a graduate of the Ava high school and is a successful young business man of that city, being engaged in the garage and auto sales business. During the past national crisis he most efficiently served his country in the capacity for which he was so perfectly fitted.

The happy young couple were the recipients of many beautiful and useful gifts. Fitting expressions of the high esteem in which both the young people are held by their many friends. The out of town guests were as follows: Mr. and Mrs. A. J. Hatfield, Mr. and Mrs. H. L. Cupp, Ava; Mr. and Mrs. Walter Kilian and son; Mr. and Mrs. Joe Morgan, Mr. and Mrs. Carl Sommer and son of St. Louis; Mr. and Mrs. J. E. Secum of Carthage, Ill.; Mrs. Florence Connor of Peoria; Miss Nelle Priest of Springfield.

### With the Sick

Richard Boston, who has been ill for a number of weeks at the home of his son, Circuit Clerk C. W. Boston, on South Main street, is now very much improved. Mr. Boston is 85 years of age and that fact naturally made his recovery from an attack of pneumonia somewhat slow.

J. Marshall Miller, who has been confined to his home on West North street for a number of weeks by a serious illness, is now improved and has been able to sit up several days.

Mrs. Ollie White is reported quite ill at her home, 702 North Main street. She is threatened with pneumonia.

## Rings

The ring symbol of the greatest event in the lives of men and women is the wedding ring—and, while the simple band of gold suffices, the circlet of diamonds imbedded in platinum is the culmination of a girl's dreams of "her" wedding ring.

And for Engagements The Solitaire is usually chosen for this precious gift—however, a cluster of diamonds exquisitely mounted in platinum is among the newer designs in engagement rings.

The Literberry M. E. society received a very nice letter from their adopted girl in France, whose name is Odette Thons. Mrs. Dr. Barker had it translated by the French teacher at the college, typed it and sent it back to the society. We appreciate this kind act and unite in our thanks.

Mrs. Harry Hutches and Bernita of Jacksonville came to Literberry Wednesday to visit home folks at Shady Oaks.

### WHAT EVERYONE SHOULD KNOW

The Fourteenth Decennial Census of the United States is on!

Under the immediate direction of John W. Groves, supervisor of the 12th census district of Illinois, census enumerators will call at every dwelling house in this community to secure the information necessary to fill out the questions contained on the printed census schedules.

Questions covering the following points will be asked of every person in the United States: Sex; color or race; age at last birthday; whether single, married, widowed or divorced; birthplace of person enumerated and birthplaces of father and mother, giving names of both country and province if foreign born; occupation, specifying trade or profession, also industry in which employed; whether attending school; whether able to read; whether able to write; whether able to speak English; whether home is owned or rented, and if owned whether home is free of encumbrance or is mortgaged.

Persons of foreign birth will be asked questions concerning these additional points:

Year of immigration to the United States; whether naturalized, and if so the year of naturalization; mother tongue or native language.

### Every Farm Visited.

Census enumerators also will call at every farm in this community to secure the information necessary to fill out the questions contained on the agriculture schedule. Each farmer will be asked questions concerning the acreage and value of his farm; whether he owns, rents or partly owns and partly rents the land he farms; the value of the buildings, machinery and implements belonging to his farm; the quantity of all crops raised on his farm during the year 1919; and many other questions which cover all possible farm operations.

An absolutely accurate and complete census vitally concerns the welfare of this community and of every person living in it. The official population for the next ten years will be determined by the census of 1920.

Be ready with your answers when the census man calls at your house.

### Editor Journal:

The article which you quote in full from Howe's Monthly giving the editor's opinion of President Wilson reminds me of what a distinguished Republican lawyer and statesman, Richard M. Dana, of Massachusetts, wrote in his diary in Washington in 1868, regarding President Lincoln. He said: "He is an unutterable calamity to us."

The one judgment is probably as true as the other.

## URGES PEOPLE TO FIGHT CATARRH WITH SIMPLE HOME MADE REMEDY

Can Make Pint at Home and Costs Little, Says Leading  
Druggist of Covington, Ky., Who Has Made  
Special Study of Catarrh.

Says: Inflamed Nostrils  
Invite Influenza

People who say that catarrh is a disease not to be taken seriously are harshly rebuked by a Kentucky druggist who has for years been much interested in the growth of this loathsome, yet altogether too common disease.

He claims that the sore, tender, inflamed membrane of the nostrils and throat is a prolific breeding ground for germs—not only the germs of influenza, but many other kinds as well.

If people would only stop experimenting for two weeks and try a simple remedy made of Mentholized Arceine mixed with enough boiled water to make a full pint, half of the catarrh in this country would be abolished.

It's really no joke for people who don't know about this simple recipe to be constantly sniffing and snuffling, blowing and hawking when all these obnoxious symptoms as well as the foul discharge can be made to disappear in a few days.

Ask for three-quarters of an ounce of Mentholized Arceine—that's all you need and after you have mixed it with enough boiled water to make a pint, gargle the throat twice daily and sniff or spray some up the nostrils, as directed.

The tender nostrils will soon lose their soreness, heal up, and be clean and healthy.

Important Reminder: Just as soon as anyone in the family gets a cold in the head, check it at once with this same medicine.

## PACKERS SEEK TO LIVE WITHIN LAW

Francis E. Baldwin Gives Impressions of Men Prominent in Great Industry—Politics Strong Factor in "Investigations."

Judge F. E. Baldwin of Chicago was the speaker at the Rotary club luncheon Friday. President H. M. Capps presented him without much of an introduction because practically every person has known Judge Baldwin thru passing years and has found pleasure in his rapid advancement to his present important work. Other guests of the day were Mayor Turnbull of Waverly, W. T. Willson, Felix E. Farrell, M. L. Hildreth and W. E. Sullivan.

It was just about five years ago that Judge Baldwin left Jacksonville to become associated with Veeder & Veeder, general counsel for Swift & Co., and active in the legal affairs of the Swift family. He had been asked to talk informally yesterday about the packers and the packing industry and his statements were heard with the greatest interest. The fifty men present were told that Louis Swift, J. Ogden Armour, Thomas Wilson, Edward Norris, Mr. Cudahy and others representing the so-called "big five" packers, are men who do business on a large scale but have the same code of business ethics, and the same ideals that are the possession of high class business men operating with less capital.

**Calls Packers Sincere.**  
"I am not here in any sense to defend the packers," said Mr. Baldwin, "but I cannot say too strongly that these business men with whom I have come in contact quite intimately in these recent years, are honest men with the same kind of honest and sincere impulses that you yourselves have. Some years ago it was the popular thing to attack the Standard Oil Co. on all occasions. Now, today you hear very little about that corporation. But for several years past it has been just as popular to attack the packers and the packing industry. The business does run to huge figures. For example I think that Swift & Co. did a total business in 1918 of \$1,800,000,000. But there is nothing wrong about mere bigness, much as certain men and certain influences in this country would have us believe. I know from personal knowledge and contact that it is the sincere wish of the packers to observe the law. It may be possible in such a vast business organization that there is occasionally some man who does wrong. In the general office of Swift & Co. in Chicago alone there are more than 5,000 employees, so that you can understand how many department heads and employees there are in the packing industry as a whole. But the general intent is to do that which is right and proper."

**Radicals Brought Attacks.**  
"I believe that you will recognize that politics has had its full part in the various investigations and in the talk of prosecutions. It is a matter of common knowledge that radical socialists have influenced some of the attacks made on the packers and other big business interests. Politicians one after another have turned to attacks on the packers as a means of advertising, and some men vested with government authority and holding most radical views have for some reason wished to force which would place them practically in control of the big business of the country."

"In the days of the war the packers made larger profits than they had in previous years. That was to be expected for their business was much larger and it was a question of having the supply keep up with the demand. Every order, every instruction, every appeal made by the government to the packers was met promptly and it took a marvelous organization to meet the demands which were occasioned so suddenly by the war. The packers met every war call with patriotism and loyalty. Mr. Swift had three sons in the service and a son-in-law whose eagerness to get into service put him in a situation that thru outside influences resulted in his internment for the period of the war."

**Unfair Publicity.**  
Mr. Baldwin then gave some intimate facts about the federal trade commission and certain of its members and about the so-called investigation conducted by

Francis J. Haney of San Francisco. He said that this investigation was preceded and attended by a publicity campaign of a most unfair and prejudicial kind. It was a campaign that had as its purpose to discredit the packers and to attain political advertising of an advantageous kind.

"It is true, too," said Mr. Baldwin, "that some government representatives actively engaged in that investigation and in other attacks upon the packing industry are men holding extremely radical views. The proof is available to show that a large number of these government agents are men holding radical socialistic views that are not in accord with the belief and feeling of the great body of American people. There is a certain amount of danger to all industry and all business from the disturbances caused by this element in the life of today. What we need to stabilize industry and to make for its betterment is to see to it that the offices, high and low, are not held by such men who represent ideas foreign to our own, and that if such men do get into office that the public be rid of them as soon as possible. There has been a great deal in the papers of late about the 'unscrupling' that will be necessary in accordance with the agreement reached by the department of justice and the packers, with reference to the grocery business and some other of the 'side lines' in which the packers have engaged. The fact is that no difficult process is necessary for the grocery business and others in which the packers are agreeing not to engage form only a very insignificant part of the packing industry. So far as the conduct of these different lines of business is concerned, I believe that you will agree that the packers can conduct the business with less overhead expense than can be true of a large number of separate organizations operating the same lines of business."

**Too Much Politics.**  
"If you will look into all the facts related to the packing industry and its operation and in connection with the attacks and 'investigations' I will guarantee that you will find the statement true that politics and politicians, a definite form of demagoguery, have a large influence in these affairs."

"In making this informal and somewhat hurried talk there are just two things that I would particularly like to impress upon you. The first is that the packers are men who believe in good citizenship. They are men with the same kind of integrity that you have. They earnestly desire to observe the law and do those things that are best for the well being of the American people. The other thought is that it is our duty as citizens to throw no political discard men of the type who seeks to foster discontent and confusion. Un-American extremists of high or low degree have no proper part in our political and governmental life. It is our duty to put an end to their influence just as speedily as possible."

## MISS ALICE GUNN IS A NEW YEAR'S BRIDE

Well Known Morgan County Young Woman Becomes Bride of Leroy Stein of Panama—Young People Will Reside in Chicago.

The marriage of Miss Alice Gunn of this city and Leroy Stein of Chicago was solemnized Thursday evening at 7 o'clock at the home of the bride's mother, Mrs. Nellie Gunn, west of the city. The impressive ceremony was performed by Rev. E. B. Landis, pastor of Westminster church, and witnessed by a large company of relatives and friends of the young couple.

The guests were received by the bride and her mother, and preceding the ceremony a musical program was furnished by George Gunn, brother of the bride, with Mrs. Loren Grider as accompanist. The bridal party entered the living room to the music of the wedding march from Lohengrin, with Mrs. Grider at the piano. Miss Beulah Ennis of Petersburg was the bridesmaid and the ring bearers were Ellen and George Davey, niece and nephew of the bride. The best man was Baird Gunn, a brother of the bride.

The bride and groom took their place before a bank of evergreens in the southeast corner of the living room and here the words were spoken which made them man and wife. The double ring ceremony was used. The Gunn home was beautifully decorated for this nuptial event, the decorations consisting of smilax and holly in profusion.

The bride's gown was of crepe de chine with pearl trimmings. She wore a corsage bouquet of sweet peas and bride's roses. The bridesmaid was attired in blue organdy, with bouquet of pink roses.

Following the ceremony and the serving of an elaborate wedding supper the bride and groom left over the Wabash for Springfield and Chicago on a wedding trip. They will be at home after January 4 at 5225 Ellis avenue, Chicago. The bride's going away gown was of dark brown satin with hat to match.

Mrs. Stein is the daughter of Mrs. Nellie Gunn, of this county, and has always made her home here. She was graduated from the local high school with the class of 1912 and later was graduated from Illinois college. For two years past she has been employed as teacher at the David Prince school. She is a young woman of many admirable characteristics and has a wide circle of friends in this community.

The groom is a son of Mr. and Mrs. Frank Stein of Panama. His early days were spent in Petersburg, where he attended the public schools. Later he was a student at Illinois college in this city and at Shurtleff at Alton. He is now a student at the School of Osteopathy in Chicago. Mr. Stein is well known in this county and has many friends both here and in his home community.

Among those from out of the city who attended the wedding were Mr. and Mrs. Frank Stein and son, Orville, Panama; Mr. and Mrs. George Ennis and daughter, Miss Beulah, Petersburg; Mrs. C. A. Kirby and son, Billy, Petersburg; Mr. and Mrs. George Daniels and daughter, Tallula; Mrs. Emma G. Smith, Urbana; Mrs. Emma G. Smith, Pleasant Plains; W. T. Davey and children, Schenectady, N. Y.; Charles B. Gunn, Springfield.
